IN presenting you with DR. EATON'S INFANITILE CORDIALs, we desire to state its superiority over every nostrum that nurse or quack has heretefore offered you.

First—It is the preparation of a regular physician,
who is well qualified from much experience in infantile complaints to prescribe for them. Secondly—It is entirely free from paragoric or opiate of any
kind, and consequently relieves by romoving the
suffering of your child, instead of deadening itssensibilities. Thirdly—It is put up with great care, as a
comparison of it with any other article for infantile
complaints will show; the very roots from which it is
distilled being ducy from the forests under the direction of Dr. Eaton, many of them by his own hands.
Fourthly—It is perfectly harmless, and cannot injure the most delicate infant, and is a certain cure
and relief in all the following cases, which is itselved
merit over every other preparation, viz:

FOR ALL COMPLAINTS ATTENDING TEETHING; such as DY SENTERY COLIC, &c; also, for
softening the gums and relieving pain. For regulating the howols it is unequated. For Cold in the
Head it is a sure rolief. For CROUP, the most fatal
and trying of discases, it can be relied on with perlect confidence; and being a powerful anti-spasuadic in all cases of convulsions for fits, we carnestly recommend you to lose no time in procuring it. Lasth—
It costs so much more than other preparations of the
kind, that we cannot afford such long advertisements
as can those whose whole expense is their advertising; for the same reason, it commends itself as the
most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly
followed. Price, 25 cents per bottle.

Dr. Bronson, having been so far reduced by con-sumption, as to be considered beyond all hope of re-covery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject and also to liminary a training and also to the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from the use of which Dr. Bronson was restored to perfect health. Within six mouths after its introduction, over two thousand consumptives were effectually cured by it. It you have any complaints of cansumptive tendency—Cough, Cold, Headuche, Palpitation of the Heart, Loss of apperite or pain in the side, loss no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from Nervous Debility, or your sleep is broken and distarbed, if your Spirits are Dyressed or your Organs reluced, you will find in this at unfailing remedy, by commencing with ten drops. If your Liver is torpid or diseased in any manner whatever, one or two bottles will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of Dyssopsia the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking only one bottle. In Male or Femule Complaints and liveds newes, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of two or three bottles. The "BLOOD FOOD" is effectual in all cases of Eruptions. Salt Phenm Nerofulas and adults are immediately benefited by its use. It rives strength to the body and color and beauty to the skin. Physicians of ull schools ure using it with wonderful success.

## ONLY DISCOVERY

Worthy of any confidence for RESTORING

THE BALD AND GRAY.

MANY, since the great discovery of Prof. Wood, have attempted not only to imitate his restorative, but profess to have discovered semething that would produce results identical; but they have all come and gone, being carried away by the wonderful results of Prof. Wood's preparation, and have been loreed to leave the field to its resistless-way. Read the following.

Bath, Maine, April 18th, 1859.

Proof. O. J. Wood & Co.: Gents.—The letter I wrote you in 1856, concerning your valuable flair Restorative, and which you have published in this vicinity and elsewhere, has given rise to numerous inquiries touching the facts in the case. The inquiries are tirst, is it a fact of my habitation and name, asstated in the communication; second, is it true of all therein contained; third, does up hair still continue to be in good order and of ustural color? To all I can and domswer invariably ye. M, hair is even better than in any stage of my life for forty years past, more soft. in good order and of ustural color? To all I can and domswer invariably yet. My hair is even better than in any stage of my life for forty years past, more soft, thrifty and befter co'red; the same is true of my whiskers, and the only cause why it is not generally true, is that the substance is washed off by frequent ablution of the face, when if care were used by wiping the lace in close connection with the whiskers, the same result will follow as the hair. I have been in the receipt of u great number of letters from all parts of New England, asking me if my hair still continues to be good; as there is so much frand in the manufacture and sale of various compounds as well as this, it has, no doubt, been basely imitated and been used, not only without any good effect, but to absolute injury. I have not used any of your Restorative of any account for some months, and yet my hair is as good as ever, and hundreds have examined it with surprise, as I am now 61 years old and not a grav hair in my hend or on my face; and to prove this fact, I send you a lock of my hair taken off the past week. I received your favor of two quart bottles last summer, for which I am very grateful; I gave it to my friends, and there by induced them to try it, many were skeptical until after trial, and then purchased and used it with universal success. I will ask as a favor, that you send me a test by which I can discover fraud in the Restorative, sold by many, I fear, without authority from you. A pure article will insure success, and I helieve where good effects do not follow, the failure is caused by the impure article, which enrises the inventor of the good. I deem it my duty as heretofore, to keep you apprised of the continued effect upon my hair, as I assure all who inquire of me of my unshaken opinion of its valuable results. I remain, dear sir, yours.

A. C. RAYMOND.

results. I remain, dear sir, yours,

A.C. RAYMOND.

Aaron's Run, Ky., Nov. 30, 1858.

Prop. O. J. Wood: Dear Sir:—I would certainly be doing you a great injustice not to make known to the world, the wonderful, as well as the unexpected result I have experienced from using one bottle of your llair Restorative. After using every kind of Restoratives extant, but without success, and finding my head nearly destitute of hair. I was finally induced to try a hottle of your Hair Restorative. Now, candor and justice compel me to announce to whoever may read this, that I now possess a new and beautiful growth of hair, which I pronounce richer and handsomer than the original was. I will therefore take occasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours,

oceasion to recommend this invaluable remedy to ALL who may feel the necessity of it.

Respectfully yours,

P. S.—This testimonial of my approbation for your valuable medicine (as you are an eaware of) is unsolicited; but if you think it worthy a place among the rest, insertif you wish; if not, destroy and say nothing.

Yours, &c...

The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds ½ a pint and retails for one dollar per bottle; the mediums hold at least twenty per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proportion, and rotails for \$3 a bottle.
